### TO RELEASE CASH FOR CHRISTMAS

Would Adopt Plan Worked In  
Des Plaines; Benefits De-  
positors, Merchants

It was just about one year ago  
that Des Plaines, as a community,  
found itself in the same unenviable  
position that the people of Arlington  
Heights are in today.

The Des Plaines State Bank had  
been closed for approximately five  
months and the community was  
just beginning to be fully aware of  
the extent of that catastrophe.  
Christmas was approaching, jobs  
were scarce, and what little em-  
ployment was available did not hold  
forth any definite indication of  
steady work or dependable income.  
Not only were jobs scarce and the  
holiday season approaching, but  
long, cold winter months were ap-  
proaching, bringing with them the  
need for additional clothing and fuel.

The people of Des Plaines, with  
their money withheld because of  
the condition of the bank, were  
unable to establish credit, and the  
merchants, because of a tremendous  
decrease in sales due to the bank  
failure and the consequent  
tightening up of credit conditions,  
were unable to provide necessities  
because their own financial condi-  
tions would not permit. The radical  
decrease in sales had placed  
many of the merchants in a posi-  
tion where a further extension of  
unsecured credit would have meant  
commercial ruin and bankruptcy.

Something had to be done and  
done quickly to remedy the situa-  
tion, but what action should be  
taken was the problem that had to  
be solved. Legal controversies and  
other conditions made an immediate  
bank dividend unlikely. With  
the business life of the town in  
jeopardy three men met in the office  
of the local newspaper publisher.  
These men were Vincent T. Connor,  
a local attorney, Samuel Dulsky, a  
lawyer from Chicago, and Fred  
Fulle, owner of the Des Plaines Sub-  
urban Times.

As a result of this conference and  
subsequent meetings of the busi-  
ness men of Des Plaines, the Mer-  
chants' Relief association was cre-  
ated. The purpose of this associa-  
tion was to provide relief for the  
depositors of the defunct bank,  
many of whom had been subsisting  
entirely on their savings, which in  
most cases had taken a lifetime to  
accumulate, and to provide to the  
merchants definite assurance that  
cash would be forthcoming for mer-  
chandise sold on a credit basis  
pending the payment of a dividend  
by the bank.

Twenty-five merchants subscrib-  
ed to the original association and  
agreed to accept assignments of  
that portion of bank accounts on  
which it was anticipated dividends  
would be paid. As the organization  
grew, many details that were un-  
thought of in the original idea ap-  
peared. These details required time  
and thought and effort to provide  
proper treatment; accounting pro-  
cedure had to be established, tech-  
nical legal knowledge was neces-  
sary. But, eventually, through ex-  
perience these obstacles were en-  
countered and overcome.

So successful was the first Mer-  
chants' Relief association, which  
had proceeded, with immeasurable  
cooperation from Mr. William  
Basse, Jr. (Receiver for the Des  
Plaines State Bank), on an antici-  
pated dividend of 20%, that a sec-  
ond association is now in progress  
working on a second anticipated  
dividend of 10%. In addition to its use in  
Des Plaines this plan has been suc-  
cessfully used in other localities,  
having been adopted in Waukegan,  
Joliet, Forest Park, Craign, and  
other communities. It has been  
recognized by national trade jour-  
nals.

Through experience, provisions  
have been made to overcome the  
obstacles that are always present  
in a project of this kind, definite  
procedure has been established, ac-  
counting practices simplified, and  
the plan itself has been revealed in  
its extreme flexibility, affording  
relief not only to the depositor and  
the local merchant, but to the com-  
munity as well.

Briefly, the plan offers the fol-  
lowing advantages to the depositor:  
It releases bank deposits otherwise  
unavailable pending liquidation; it  
releases these deposits when they  
are needed and provide for the de-

### Another Orange Clad Team Here Next Saturday

This Saturday afternoon Arling-  
ton is to be host to another orange  
clad team. This time, however, it  
is to be Bensenville. Coach John-  
son's boys have been coming along  
in great shape of late and another  
game, the equal of the one here last  
Saturday, may result.

In their last three games Ben-  
senville has won twice. Palatine  
was defeated as was to be expected.  
Minus their star ball carrier, Kos-  
ke, who was injured on the first  
play of the game, Bensenville went  
down before Warren.

However, last Saturday they  
swamped Barrington's stalwarts.  
Bensenville has defeated Arling-  
ton three years in a row and are  
coming up Saturday to make it  
four straight, and they may do it.  
Bensenville has always had a fight-  
ing team and this year's aggrega-  
tion is no exception.

If Arlington can get its morale  
up to the pitch of the Libertyville  
game, it may win. Otherwise  
they are again in for a trimming  
from Koske, Kouzmanoff and Co.  
The kickoff is to be at 2:30 on Ar-  
lington's field.

### CLAIM N. W. TOWNS TO BE DEMOCRATIC

Republicans Join in Sup-  
port of Democratic Can-  
didate for Governor

### COURTNEY IS ALSO POPULAR

Will the Northwest Towns of  
Cook county jump into the Demo-  
cratic column Nov 8th? It begins  
to look that way according to  
Henry J. Harz, of Palatine and H.  
W. McCullum, of Glenview, mem-  
bers of the county managing com-  
mittee. Both are maintaining ac-  
tive Democratic organizations in  
their respective districts the work-  
ers of which have so far completed  
canvasses that indicate, according  
to Mr. Harz, that the candidates of  
the Democratic party have already  
routed the Republican standpat-  
ters that have in the past made  
these towns the bailiwick of the Re-  
publican country towns organiza-  
tion.

Mr. Harz says, "I fully expect  
that the Democratic ticket will be  
a winner in my district two to one.  
The Republican hold upon the  
Northwest towns was first broken  
two years ago and they are going  
to be engulfed in the Democratic  
landslide November 8th. Particu-  
larly is this true regarding our  
candidate for Governor. When such  
Republicans as Judge Cutting come  
out for Judge Horner in place of  
Small, it means that there is grave  
danger to this state if Small is al-  
lowed to again become governor. It  
must be a grave danger or Judge  
Cutting, who has been a staunch  
Republican all of his life, would not  
take the stand that he has. As-  
sociated with Mr. Cutting are thou-  
sands of other Republicans.

"We are going to win Nov. 8th,  
from Roosevelt down and the  
Northwest towns are going to help  
roll up the majority. In the old  
days, many a Republican candidate  
was saved by the country towns.  
Those country towns are not going  
to do any saving for the Republi-  
cans this time."

Mr. McCullum is equally as en-  
thusiastic. He especially points to  
the candidacy of Thomas J. Court-  
ney, who aspires to the office of  
state's attorney. "Even Republi-  
cans," says Mr. McCullum, "admit  
that Swanson is not as white as he  
was painted four years ago and  
the independent voters are turning  
to Courtney, not alone because he  
is a candidate of the Democratic  
party, but because he is the kind  
of a man who will take the state's  
attorney's office away from the  
crime element, which seems to have  
some unexplained hold upon the  
present incumbent."

Commissioner H. J. Byrd is so  
busy with his duties as head of the  
highway committee of the county  
board that he has not much time  
to enter the local campaign person-  
ally, but the Wheeling Township  
Regular Democratic organization  
is one of the strongest in the coun-  
try towns. Mr. Byrd is also head  
of the young peoples' Democratic  
organization of the state. He says,  
"Of course we are going to sweep  
the county and state. Even if all  
the Republican standpaters re-  
main in their own camp, there are  
enough young voters who are going  
to vote Democratic this November  
to carry the election for Roosevelt,  
Horner and Courtney."

ganized and served as first com-

### DISTRICT ONE DEMOCRATS TO HOLD DANCE

Event at Plum Grove Sun-  
day Afternoon and  
Even., Oct. 30th

The active Democratic organiza-  
tion in District one, comprising the  
townships of Hanover, Barrington,  
Schaumburg and Palatine, have  
arranged for a big dance at Wild-  
hagen's grove in Plum Grove, 3  
miles south of Palatine Sunday af-  
ternoon and evening.

It will be a social affair with en-  
tertainment to which the general  
public is invited. There will be a  
number prominent Democratic can-  
didates present, which the visitors  
will have the opportunity to meet.  
The Democrats of this district,  
of which H. J. Harz, of Palatine  
is chairman, is actively at work in  
the interest of their party and the  
dance Sunday afternoon is arranged  
for the purpose of giving a good  
time to all voters and young people  
as well.

### Mrs. Charles Taege's Nephew, Wife, Child Are Accident Victims

Mrs. Charles Taege received a  
telegram Sunday, notifying her of  
the death of her nephew, Mr. Neil-  
ting, his wife and child. They were  
going to church in their car, at  
Pomeroy, Iowa, when through some  
accident, they were run into by a  
train on the crossing, their car was  
demolished and they were all three  
killed. Mr. Paul Taege and Mr.  
and Mrs. Henry Hennig left here  
Monday for Pomeroy, Iowa, to at-  
tend their cousin's funeral.

### AURORA VERSUS ARLINGTON - PALS SUNDAY, OCT. 30

The Arlington Heights football  
team will battle it out with Au-  
rora this Sunday afternoon. Kick off  
at 2:30.

A record crowd was on hand  
last Sunday to see Arlington lose  
a game to Wheaton in the final  
minute of play when a pass was  
intercepted by a Wheaton man  
who was wide open and had easy  
going for a touchdown.

Both teams played beautiful  
football and it was just one of the  
so-called "bad breaks" that put  
Arlington on the short end of a 6  
to 0 score.

Don't fail to see the boys this  
Sunday at the high school field.  
Kick off at 2:30 p. m.

### INDEPENDENT VOTERS OUT FOR HORNER

Headquarters are Opened  
in Arlington Hts.; Judge  
Cutting is Supporter

Life long Republicans of the  
Northwest towns are joining with  
prominent Republicans of Chicago  
and other suburbs in active sup-  
port of Henry Horner, democratic  
nominee for governor. Such repub-  
licans with independent men and  
women united in the formation over  
a month ago of the "Independent  
Voters for Governor Committee".

The county committee has branch  
committees in nearly every com-  
munity of the county, including the  
Northwest towns. Herman H. Boe-  
ger, who himself, has been a Re-  
publican nearly all of his life, is in  
active charge in Arlington Heights  
and has opened up headquarters in  
the Steink building adjoining the  
Johnson market, on Miner street.

These headquarters will be open ev-  
ery evening and members of all  
parties interested in the election of  
a man like Horner for Governor,  
are invited to visit the headquar-  
ters.

Similar work is being done in  
other communities. Wm. Kehe, is  
chairman of Palatine and he re-  
ports that there are an increasing  
number of independent Republicans  
in that village who have signified  
their intentions to vote for Mr.  
Horner. Chairman of other com-  
munities are Wm. Sportel, Mt.  
Prospect; Aug. Gewecke, Des  
Plaines; Fred Gillick, Park Ridge;  
Paul Schroeder, Barrington.

The executive committee is com-  
posed of 106 men, many of whom  
are prominent in Chicago and the  
county. Among the familiar names  
are Charles S. Cutting, O. C. Doer-  
ing, Stanley Field, James B. For-  
gan, Jr., Edward N. Hurley, Rob-  
ert Hutchins, William A. Quinlan,  
John Timothy Stone, Miss Harriet  
Vittum and others.

Mr. Cutting, who was a probate  
judge of Cook county many years  
and who has a clear insight into  
public affairs did not hesitate to  
affiliate himself with this commit-  
tee. Mr. Cutting has many friends  
in Palatine and Arlington Heights,  
who will rely upon his judgment.

### Grade School Boys Defeat Algonquin

The Arlington Heights grade  
school football team under Coach  
Vanderbeek, won a return game  
with Algonquin last Friday after-  
noon on the Arlington Heights  
High School field, with a score of  
20 to 0. Charles Kopplin and El-  
roy Bublitz starred in the backfield,  
and Johnny Allen and Bill Harrah  
in the line.

### NAVY DAY OBSERVANCE

A review of men under training  
will be held Thursday this week,  
(Navy Day) at the Great Lakes  
Naval Training Station. In Chicago  
the U. S. S. Wilmette and the  
Naval Reserve Armory will be open  
to inspection by the public.

By the Perspiring Reporter  
Mr. and Mrs. Arlington Heights  
are planning a second pilgrimage  
to the Rolling Green Country Club  
on Armistice Night, Friday, Nov.  
11, to attend the Second Armistice  
Ball given by Merle Guild Post 208  
of the American Legion.

After all, the only time to cele-  
brate Armistice Day is November  
11, or Armistice Day, so say a num-  
ber of our friends here in the  
Heights. Especially is it so, when  
you can trip the light fantastic to  
the strains of John Allen's Rhythm  
Masters. You bet, royal music that  
will make you swing into the mood  
the minute you hear it.

### Republican Women Meet Next Tuesday

A second general meeting of Re-  
publican women of the Fifth dis-  
trict (Northwest towns) will be  
held at 8 o'clock next Tuesday eve-  
ning, Nov. 1, in the corner store  
in Vail-Davis building, Vail and  
Davis streets, Arlington Heights.  
Speakers will include Mrs. Millie  
Baruch, chairman of activities of  
the Women's Cook County Republi-  
can Central Committee.

All women are invited.  
At the open meeting at the same  
place last Friday night Mrs. An-  
kley of Arlington Heights was elec-  
ted president, Mrs. H. W. Evans of  
Arlington Heights, vice president,  
Mrs. Lee Smiley of Barrington sec-  
retary, and Mrs. Reuben Plagge of  
Barrington, treasurer. Women and  
men workers of various townships  
and others interested in the Republi-  
can campaign filled the hall.

Addresses were made by Mrs.  
William Severin, chairman of the  
Women's Cook County Republican  
Central committee, and formerly  
president of the 7th Congressional  
District Federation of Women's  
Clubs; Mrs. Susan Hough, chair-  
man of the Country Districts of the  
Women's Division of the Cook  
County Central committee; and  
Mrs. Harry E. Smoot, executive  
secretary of the same Women's Di-  
vision.

Date of Tea Changed  
The date of the tea at the Grand  
Ballroom of the Palmer house,  
which Mrs. Ankley announced for  
Nov. 5, has been changed to Nov.  
4, at 2 o'clock. Mrs. Ankley would  
like to see all key-women, all the  
workers and as many women as  
they wish to invite: in fact all Re-  
publican women are invited to at-  
tend.

It is desired that they meet so  
all that from Fifth District go in  
a body. Mrs. Bertha Baur is  
giving the tea.  
The women were also invited to  
the general meeting of Republicans  
in Wheeling township held in the  
Vail-Davis building Wednesday eve-  
ning.

### REPUBLICAN CANDIDATES AT TWO MEETINGS

Wright, Klein, Allen, will  
Speak Thursday Night  
This Week

Two Republican mass meetings  
are being held at the same time  
(8 p. m.) Thursday night, Oct. 27,  
one at Barrington (Standard Mo-  
tor Co.) and the other at Des  
Plaines (Echo Theatre).

Speakers will include Harry G.  
Wright, candidate for state audi-  
tor; Julius Klein, candidate for  
congressman-at-large; Jacob D. Al-  
len, candidate for clerk of the Su-  
perior court; and many other state  
and county candidates from both  
Cook and Lake counties.

At the Barrington meeting, El-  
gin's own Hungry Five comic band  
will play.

### A. W. Brix Joins Coast Guards; Seeks Air Patrol Work

A. W. Brix, of Arlington Heights,  
well known locally as a glider pilot  
connected with the Mead Glider-  
port, and builder of Arlington's  
first motorless plane, has joined  
the U. S. Coast Guards, where he  
has great hopes of entering the di-  
vision of air patrol. He left for  
duty Monday morning. Steve Brod-  
nan accompanied him, the two  
signing up for three years service.  
Edward Meyer, of Arlington  
Heights, is the newest recruit to  
local flying circles, already having  
two hours flying credit. O. K. "Ed-  
dy," here's wishin' you luck.

### Mr. and Mrs. Arlington Heights Will Attend Second Armistice Ball

Are you going to be there? Re-  
member the good time you had last  
year? Well the committee has  
promised even better times this  
year. Many people from out of  
town have requested tickets to this  
affair, but the committee informs  
us they are taking care of the lo-  
cal friends first. It is said that  
there are only a limited number of  
tickets available and when they  
are exhausted the chances to at-  
tend the Second Armistice ball will  
be gone. The suggestion is to get  
in touch with your nearest Legion  
naire or call Legion headquarters,  
Arlington Heights 1572, and ask  
for your tickets.

### TRAINS WRECK TWO CARS, NO ONE INJURED

Serious Injuries When  
Two Autos Collide at  
'20' Miles an Hour

Auto accidents were numerous  
this week and there were a few  
narrow escapes. Two cars were  
demolished by trains, their occu-  
pants escaping while two cars col-  
lided at 20 miles an hour, brought  
serious injuries including broken  
bones to three people.

Wilfred Cole, of the Kurz garage  
at Palatine, had a narrow escape  
about 12:30 Monday night when the  
Kurz tow truck, which he was driv-  
ing, left the road, demolished an  
automatic signal at the corner of  
Baldwin road and the Northwest  
highway, overturned and was de-  
molished by a freight train. Cole  
was thrown out of the car and es-  
caped with bruises. He was on his  
way home, going west on the Bal-  
dwin road, intending to turn north-  
west at its intersection with the  
highway. On account of the fog he  
passed over the highway, crashed  
into the signal pole and his car  
landed upon the track. A north-  
bound passenger train stopped and  
sought to flag a freight train that  
was coming from the north. The  
signals were not noticed in time  
and the freight hit the car.

Family Escape at Mt. Prospect  
W. H. Olson of Chicago, was  
traveling east on Center road at Mt.  
Prospect about 10:50 Saturday  
night when a front wheel dropped  
off the crossing planks to the road-  
bed. Hitting the rail the car was  
turned down the track. The signal  
bell was sounding and efforts of  
Mr. Olson to back the car up were  
unavailing. He hastily got his  
family out of the car in time to  
see the train hit the auto, which  
was completely demolished.

Serious injuries resulted from an  
auto accident at 10:30 o'clock Sun-  
day morning at Main Street and  
the Northwest highway, although  
both drivers claimed that they were  
only traveling twenty miles an  
hour and both had the green light.

Leo Bocian, 4819 West 25th St.,  
Chicago, accompanied by his family,  
was traveling northwest in the  
highway. His car was hit by one  
driven by Henry Hoyer, of Racine,  
Wis., traveling south on Main St.  
The occupants of the former car  
received the greater injuries. Mrs.  
Agnes Laskowski sustained frac-  
tured ribs, internal injuries and  
cuts on forehead and legs. Mrs.  
C. Bocian received numerous cuts  
and bruises, while the daughter,  
Dorothy, had a fracture of the left  
shoulder. A son, Richard, and Mr.  
Bocian were not injured. These  
people were taken to the Mt. Pros-  
pect hospital and treated by Dr.  
Wolfarth.

The occupants of the other car,  
Mr. Hoyer and his mother, were  
taken to the office of Dr. Buck  
for first aid treatment, they sus-  
taining bruises and cuts.

Each man asked for the arrest  
of the other, but Judge Tatge con-  
vinced them that as neither was  
able to produce bonds, they each  
could be better off at home or in a  
hospital than in jail.

### HALLOWE'EN MASQUERADE SAT. NIGHT

Mt. Prospect Fire Depart-  
ment Sponsor Event at  
Country Club

There is a big time in store for  
the general public Saturday night,  
Oct. 29, at Northwest Hills Coun-  
try club, Mt. Prospect, when the  
Fire Department of that village  
gives a masquerade in honor of Hal-  
lowe'en. There will be weird mu-  
sic by Gibby's Melody Boys and  
with the spirit of Hallowe'en up-  
permost, it is certain to be one  
of most enjoyable dances at this  
club house this fall.

The fire department has a double  
hold upon the people of Mt. Pros-  
pect. It is purely a service organ-  
ization for the benefit of the entire  
town and the proceeds will be used  
for equipment and other expenses  
that will improve the department  
and make it better able to answer  
calls and fight fires. Whether or  
not you can attend, those boys de-  
serve the price of a ticket from ev-  
ery property owner in the village.  
Admission is 50 cents a person.

Plans are being arranged to in-  
vite leading German citizens from  
the entire northwest area to this  
affair. Many, Col. Neumann re-  
sponds, have signified their enthu-  
siasm over the coming German Day  
meeting and get-together and will  
be there with their friends.

The musical program planned  
and to be arranged by Prof. Otto  
Wulf, vice president of the Chicago  
Conservatory of music, will in-  
clude Evelyn Williams, pianist,  
Manuel Stillerman, violinist and  
Pearl Green, mezzo-soprano.

### Arlington Heights Dental Clinic Starts Work

The Dental Clinic, a community  
affair in Arlington Heights, be-  
gan work Tuesday afternoon, Oct.  
25, in the Health Center in the  
Village hall. All Arlington Heights  
dentists donate services in rotation,  
Dr. E. W. Baumann being the first  
to serve.

The Clinic is to be in operation  
every Tuesday afternoon from 1 to  
4. All appointments must be made  
a week or two in advance; and  
only for children under 16. No  
patient is taken without a previous  
appointment.

Two ladies representing the Par-  
ent-Teacher association have vol-  
unteered to serve as dentist's assist-  
ants, and to make and keep the  
records: Mrs. Ankley and Mrs. Ald-  
rich, on alternate Tuesday after-  
noons. Mrs. Ankley served last  
Tuesday.

The Public Health committee and  
Miss Martha Jackson, Christmas  
Seal nurse, are in general charge.  
Appointments should be made thru  
Miss Jackson. The Cook County  
Hospital system of records is used.

Many have assisted in the start-  
ing of the project. The main items  
of equipment, including the chair  
and other furniture, are the gift  
of the Ever Ready club, who also  
raised about \$30 for miscellaneous  
supplies to start the work. Some  
who could not donate materials or  
cash have gladly given their labor  
in fitting the dentist's office. The  
idea in the first place was Miss  
Jackson's.

The Library Board have kindly  
permitted the use of chairs and  
tables in the library room, for per-  
sons waiting, and for entering ap-  
pointments and keeping records.

Headliners to Address Meet

The Northwest towns of Cook

Democratic candidates for state  
and county offices this Friday eve-

# COOK COUNTY TAXES MUST BE FUNDED

## Prevent Ruin of Real Estate Owners, and General Collapse, Plea

The Outlying Business Men and Property Owners Protective League of Cook county, headed by Thomas Cody, president of the league, during the past week has held 55 meetings throughout Cook county, and expects to hold on an average of 150 meetings a week from now on, for the purpose of laying before the people of all communities the seriousness of the situation now confronting them, and also to give them a concrete program that if successfully carried through will do more to relieve the present burden confronting them than anything heretofore mentioned. Anyone who has given the present situation any serious thought must realize that the people of this county are facing the greatest crisis in their history.

The plan proposed, namely, to lift the 1931 and '32 taxes out of collection, and replacing them with a 20 year bond issue, will directly benefit a million families. When one realizes that due to the decreased earning power of real estate and wage earners and to unemployment, there is still to be collected 18% of 1928 taxes, about 32% of 1929 and approximately 48% of 1930, which proves conclusively that the property owners can not continue to carry this unjust load. Public institutions deprived of such a large part of expected revenues from 1928, 1929 and 1930 have also to contend with the loss of two years of revenue, bills from which have not yet been sent out. Deficiency in revenue for 1928, 1929, 1930, 1931 and 1932 totals 59%, including the two years of no revenue whatever.

Every piece of real estate in this community has charged against it nearly two years of accrued taxes. A large proportion of homes and other parcels of real estate have from three to four years of taxes unpaid. This is something all owners and other responsible citizens should turn their attention to in earnest. The habit of paying taxes appears to have been broken and as accruals pile up, ability to pay decreases, hence local government, deprived of revenues, and owners, are headed for economic and social disaster. In Cook county during the last five years more than half the taxes have not been collected.

All fault can not be placed on any person or group. "Hard times" is a major cause, and this should be admitted. But real estate has been carrying a load of excess baggage for many years. This did not appear so burdensome when the road was smooth and the supply of gasoline was ample, and the engine under the hood was well oiled. But when the detour in 1929 began, and the road grew progressively more rough and rocky, when gas stations

## What's Doing In Scouting

Tuesday, Nov. 1—8:00 p. m. Mt. Prospect Court of Honor—Troops 5, 7, 23.

were further apart, and when carbon began collecting in the cylinders, it became impossible for real estate to carry this unjust burden any longer.

We may go on to ruin hopes and prospects of hundreds of home owners and people who had expected ownership of real estate to bring them an income in their declining years. We may let property go to tax sales, to foreclosure, leave a barrier in the way of all sales of real estate and force local schools and municipal government into poverty. But this ruin is not necessary. Two years of taxes should be funded by a bond issue, which is legal and feasible. This would extend and expand credit to the most substantial elements of the county, put governments on a cash basis, relieve real estate, and revive business and restore employment by releasing a half billion of dollars which would be extended to more than three billions of credit.

The League is asking the State of Illinois to do what the United States government does when it needs money—issue bonds. Millions of dollars have been loaned to railroads, insurance companies, banks and other industries, and billions were loaned to foreign countries, which will never be returned. Then surely it is no crime for the people of this county to ask for a few hundred million to save for them their homes, which took in many cases the greater part of their lives to earn. There is no question but what there is plenty of money available for this great program. Evidence that bonds to fund two years of Cook county taxes could be sold at a good price is increasing daily. Headlines on financial pages of daily newspapers shout as follows: "Banks Loaded with Cash."

"Capital begs for work all over the world."  
"Conservative investors ready to make moderate returns."  
"Question raised as to whether the United States should refund part of its debt at lower interest."

The sale of a half billion of bonds in Cook county and its municipalities would put idle money to work. Sale of bonds would put governments on a cash basis, make it possible to pay school teachers, firemen and other public servants all wages owed to them. Such a bond operation would be a stimulus to all legitimate business and a powerful aid in thawing out the frozen conditions of finances in this county and in the nation.

"Local self government as administered in sturdy and thriving communities clearly indicates that the best form of government is the government closest to the people."

—Judge Horner

## SCOUT LEADERS TURN OUT FOR TRAINING COURSE

Men and older boys interested in the Boy Scout program as leaders attended the first meeting of the Northwest Suburban Council's fall training course last Wednesday evening in the Boy Scout room of the Congregational church Community House. Practically every troop and community in the local area was represented and as the meeting opened each man was given an opportunity to tell his name, community and the number of years he had been in scouting. This was followed by a brief but peppy period of songs and stunts under the direction of E. J. Anderson of Des Plaines.

Clifton C. Speer gave the keynote talk of the evening. Mr. Speer, formerly connected with the regional headquarters in Chicago, and now executive of the Northshore Area Council with headquarters in Highland Park, told of the Scout program as a social need of the present day. The possibilities of scouting were pointed out when Mr. Speer mentioned the new Ten Year Program with its goal of one out of four men who become of age each year to have had four years of scout training. The successful completion of this program, according to the speaker, should have a great and good effect upon the citizenship of the nation.

Advanced Leaders Study Boy Nature  
Immediately following Mr. Speer's talk various groups separated and "old timers" spent the rest of the evening discussing boy nature and the many ways the boy scout program seems to fit into the very nature of the boy. E. R. Sellock, superintendent of Des Plaines schools, led the discussion and contributed many helpful suggestions to the group. P. E. Baker, recently elected chairman of this group was in charge of the meeting.

The other two groups, the new men under the leadership of Scout Executive Nimitz and the approved group with E. J. Anderson in charge met in different rooms and proceeded to solve some of the problems of scout leadership. The former group, after they had organized themselves into regular scout troop formation with patrols working as units, learned the fundamentals of the ten-foot requirements and the methods of teaching them. Games and demonstrations played a large part in the instruction. The other division followed a program which included signaling methods, troop morale and advancement, the good turn and its purpose and other important factors of scouting.

Will Continue For Six Weeks  
All the men with the exception of the Leaders Round Table group, will meet again next Wednesday evening and also the following two weeks. Saturday, Nov. 19, they will hold an outdoor session for instruction and actual practice in the open. A special ladies' night program is being planned for Dec. 7 at which time certificates will be awarded those completing the courses.

## Home Government by Suburbs Favored by Judge Horner

Judge Henry Horner, democratic candidate for Governor, has come out squarely in opposition to House Bill No. 275, known as the Metropolitan District Bill. The statement was made by Judge Horner in a letter to O. C. Doering and E. J. Williams, co-chairmen of the Independent Horner for Governor committee.

This announcement of the Judge's stand is of great interest to all residents of Cook county outside of Chicago, as the bill has stirred a county-wide discussion. Judge Horner declares he is opposed to consolidation of governmental bodies without approval by a majority of the voters of the municipalities involved. He adds that he believes that house bill No. 275, as introduced in the special session of the legislature, is unconstitutional.

Judge Horner in his letter, said: "To clear any possible misunderstanding as to my attitude on House Bill No. 275, introduced at a special session of the 57th General Assembly, I desire to say to you that I am unqualifiedly opposed to the passage of this bill."

"While I recognize the pressing necessity of the consolidation of some of our taxing bodies for the purpose of effecting a much needed reduction in taxes and other economies, I am against any proposed legislation which takes away from the people, as does the bill in question, their right to determine their own form of local government. The enactment of such legislation violates the principle of home rule for which I always have stood and on which my record before the public is entirely clear."

## SUBURBS ARE ORGANIZING FOR COURTNEY

### Republicans Unite With Democrats Against Swanson

Republicans in various parts of the country districts outside of Chicago are carrying on an active campaign in behalf of Senator Thomas J. Courtney for State's Attorney. An organization has been perfected known as the Country Towns Republican Courtney Club of which Charles M. Thomson of Winnetka is chairman; Mrs. Charles T. Ford of Flossmoor and Clarence S. Pellet of River Forest, vice chairmen; Walter Haines of Harvey, secretary; Richard B. Austin of Flossmoor, assistant secretary; and Thomas M. Whitson of Park Ridge, treasurer.

Headquarters have been opened at Room 687, Hotel Sherman. The following are members of the Executive committee:

Richard B. Austin, W. C. Bechtold, Mrs. Nellie H. Bosworth, Edward F. Broszel, Adelbert Brown, Mark W. Cresap, Robert M. Cunningham, Dr. N. S. Davis, III, Jacob P. DeYoung, Dr. Arthur I. Edson, Mrs. Charles A. Ford, Henry C. Haas, Walter Haines, Leo J. Hassenauer, A. R. Hutton, William Kehe, Jr., Mrs. M. H. Lieber, Guy R. Lintner, Axel Lonnquist, Milton H. McCoy, William D. McKenzie, Mrs. T. L. McKnight, Mrs. Duane T. McNabb, Joseph Mills, Carl S. Miner, Clarence S. Pellet, Conrad H. Poppenhusen, Theodore F. Reinhardt, Dr. Thomas E. Roberts, Donald R. Rieberg, E. A. Rossiter, Mrs. Shelby M. Singleton, Clarence A. Snyder, Fred C. Stagg, Charles M. Thomson, Mrs. Ralph B. Wells, E. C. Westwood, Thomas M. Whitson, Joseph H. Wright.

All of the officers and members of the Executive committee are Republicans. All of them enthusiastically supported Judge Swanson for State's Attorney four years ago. All of them are now working for Thomas J. Courtney for State's Attorney.

The chairman of the organization, Charles M. Thomson, served for 12 years as a member of the Circuit and Appellate Courts where he was a colleague of Judge Swanson's. In a statement recently given out by him he said:

"I worked hard for Judge Swanson four years ago. I supported him at the primaries last spring, but without enthusiasm. Judge Swanson's record as State's Attorney in my judgment does not entitle him to the support of the decent Republicans of Cook county. He hasn't cleaned out the office that he inherited from Robert E. Crowe. He promised to do. He hasn't cleaned up vice and crime conditions in Cook county. On the contrary, confidential men of Robert E. Crowe still occupy key positions in the State's Attorney's office. Slot machines, gambling and vice flaunt themselves openly in our outlying communities. I am going to support Thomas J. Courtney because I believe he will do what Swanson promised to do and has failed to do. Courtney's public record shows him to be able, vigorous and fearless. He has made a splendid record as a member of the State Senate and he has promised to submit the names of all lawyers suggested for appointment as Assistant State's Attorney to the Bar association to see whether they are men of the proper character and standing to serve the public. I am confident that he will clean up the vice and crime conditions in the country towns and make our outlying communities as safe for our children as we believed them to be when we moved into the suburbs for their sakes."

## South Side Breezes

Little Leona Wisersky celebrated her sixth birthday Saturday afternoon with five little girls as guests. It was an ideal fall day and the children had an enjoyable time outdoors.

Mrs. Wisersky served a lovely lunch using Halloween colors and favors for decorations. Two aunts and both grandmothers were there to see the children's pleasure.

Mrs. J. R. Hodges entertained her card club Thursday afternoon.

The Methodist Mothers club will meet Nov. 2 (next Wednesday evening), at the home of Mrs. Paul Williams, S. Chestnut.

When Mrs. Frank Sauer answered the door bell last Friday she found her neighbor, Mrs. R. H. Richards and several other friends there to greet her. Mrs. Richards had planned the surprise in honor of Mrs. Sauer's birthday. After an evening of pinocle at which Mr. and Mrs. Sauer won first prize, the guests opened their baskets and set forth abundant and delicious refreshments.

A few friends were entertained at Raymond Atkinson's Friday evening in honor of his birthday.

## CLUB NOTES

The Woman's club met Wednesday, October 19, in the M. E. church parlors, the president, Mrs. Eugene Heller, in the chair; the opening exercises, the audience singing "America" and saluting the flag; reading of secretary's report and acceptance; reading of treasurer, Mrs. J. E. Best's report, both reports approved.

The club chorus, directed by Mrs. Mitzlaff, Mrs. Manz, accompanist, gave two different periods of delightful song. With such an able director and so many good voices, we look forward to a treat from our chorus this year. While none of us can forget our favorite past director, Mrs. C. E. Lorenzen nor her capable leading.

The main feature on the program was an address by Mrs. Berkemeier, an experienced lawyer, who sees much of life in all its phases in her practice in the court of Domestic relations.

Her address gave glimpses of humanity from diverse angles; broadening into International Relations; their import, what has been accomplished—and greater needs. Some have asked if we vote or if she talked politics. She did not. She talked of world needs, and the part each one of us should take in bringing about the brotherhood of man, and the spread of international peace. Her talk was full of helpful suggestions and a strong urge for each to do our part in our own place.

The Autumn dinner party to take place October 26, in the Presbyterian dining hall was announced and sale of tickets reported.

Next regular meeting of the club, November 2, a garden party, in charge of Mrs. C. P. Draper, at her home.

## Lost 20 Lbs. of Fat In Just 4 Weeks

Mrs. Mae West of St. Louis, Mo., writes: "I'm only 28 years old and weighed 170 lbs. until taking one box of your Kruschen Salts just 4 weeks ago. I now weigh 150 lbs. I also have more energy and furthermore I've never had a hungry moment."

Fat folks should take one half teaspoonful of Kruschen Salts in a glass of hot water in the morning before breakfast—it's the SAFE, harmless way to reduce as tens of thousands of men and women know.

For your health's sake ask for and get Kruschen at Ferd. B. Wendt or any drug store—the cost for a bottle that lasts 4 weeks is but a trifle and if after the first bottle you are not joyfully satisfied with results—money back.

## RELIEF CALL CENTERED IN COOK COUNTY

Some 155,000 families are on the Cook County relief rolls this month, according to figures made public Tuesday by the Illinois Emergency Relief commission. There were 146,000 families getting relief in September, and it is anticipated that some 174,000 families will be getting relief in November, if the rate of increase is the same as last year.

Last month 143,000 families out of the 146,000 were getting relief from funds borrowed from the Reconstruction Finance corporation. The total cost for the months was \$4,167,077.

The October budget is for \$4,121,985; the food rations being reduced 25 per cent.

The rest of the state is expected to need \$749,160, in November; Cook county, \$5,554,000; so the commission is seeking an advance from the R. F. C. of \$6,303,150; this to be borrowed by the state and distributed as indicated.

## Shower Guests Declare "13" a Luck Number

Mrs. Edward Duenn, of the Krause apartments, was surprised last Thursday afternoon with a shower planned by Mrs. Arthur Gieseke and Mrs. Donald Gieseke, the event being held in the apartment of the latter. It was a complete surprise and the gifts were many and greatly appreciated. Near the close of the afternoon, it was discovered the guests numbered in the neighborhood of thirteen, which did not trouble any of the ladies, who said that everything else is twisted these days and they thought it was about time for '13' to be a lucky number. They had a great time, anyway.

## TO IMPROVE BUSINESS CONDITIONS

(Continued from Page 1)

positor a purchasing power of dollar for dollar to the extent of the anticipated dividend, before that dividend is actually declared and paid. It saves the depositor 3% on such dividends for it permits the use of non-interest bearing funds for current expenses, and in turn the use of available cash for investment purposes and income producing activities.

To the local merchant, the operation of this plan means that unattainable funds can be utilized by customers to pay off old debts, that credit can be extended with definite assurance that cash will be received for such credit upon the payment of a dividend by the bank, and that they will no longer be embarrassed when asked to extend credit because of the bank's failure. This plan has an added advantage for the independent merchant in that chain stores either cannot or will not become members of this type of association. In effect, this plan becomes collection assurance for the merchant, and provides a means whereby his cash income can be conserved for the replenishing of his merchandise stocks and the assignments accepted used to reduce his obligations to the bank and local creditors.

For the community, it creates a feeling of good-will towards the merchants, and reduces the number of people who would otherwise be forced to avail themselves of assistance from charitable organizations.

Both Mr. Laurin, the receiver for the Peoples State Bank and Mr. Plew, receiver for the Arlington State Bank, have investigated this plan and agreed to lend their cooperation to its operation in Arlington Heights, if adopted by the business men.

**The Plan**  
The plan is simple. The depositor makes an assignment of that portion of his claim against the bank which it is felt will be covered by the first dividend paid. This assignment is made to the Merchants' Relief association. The association notifies the bank receiver of such assignment, which is entered on the records of the bank. The depositor is then provided with a card, by the association, certifying that he has made such assignment and is in a position to avail himself of the courtesies extended by cooperating merchants.

When the depositor desires to make a purchase, he selects the merchandise and the merchant fills in a form which is a receipt for the goods purchased and authority to the secretary of the association to transfer, on the records of that organization, the value of the purchase from the assigned portion of the depositor's claim to the account of the merchant from whom the material is bought. After this receipt is approved by the association secretary, the depositor returns to the merchant and exchanges the receipt for the goods he has selected.

Upon payment of the dividend by the bank, the receiver pays to the association the amount of all assignments made. The treasurer of the association, in turn, pays to the depositor the unused portion of his assignment and pays to the merchant the value of the receipts

he has accepted, less a nominal fee to cover the cost of organization and operation of the association and the maintenance of its records.

That this plan is beneficial to both the depositor and the merchant is evidenced by the fact that forty-six merchants are now cooperating in Des Plaines, compared to only twenty-five originally subscribing, and that 562 claims have already been assigned by depositors to the association in anticipation of a second dividend payment of 10%.

The Execon Systems, with offices in the State Bank building, at Des Plaines, is now engaged in installing this plan in localities desiring the opportunity of thawing out bank funds, and at a meeting of business men and business interests only to be held early next week Mr. Wiedeman, general manager of that concern, together with Mr. Connor, the originator of the clearing house plan, will talk on the operations and benefits of this plan to the local merchants. This discussion will begin at 8:00 p. m. and will be conducted in the Village hall. Every local independent merchant is urged to be present to hear what has been accomplished in other communities and what can be accomplished in Arlington Heights, if the merchants themselves are willing to put up a fight for better business conditions. Admission to this meeting will be by invitation which we understand will be placed in the mails early next week.

A preliminary meeting called by the Chamber of Commerce held last Thursday night at the Village hall.

### Special Program For Nov. 4th at Presby. Church

Mysteries of the Ages, a production of modern magic will be given at the parish hall of the Presbyterian church, under the auspices of the Sunday school.

Frank Lueders a Master of the Art of modern magic will present this program, assisted by Ethel Gerlich and Harold Hastings. Among some of the numbers in this production we find effects that are world famous as the Eggstraordinary Eggs, Hindu Rope Mystery, Ex-Ray Eyes, Wonders of the Crystal and the Magical Photography.

Mr. Lueders is well known for his ability as a Magician and has mystified thousands with his presentations. In presenting the Sightless Seeing test for the approval of the audiences, Mr. Lueders, places cotton pads upon the eyes of Miss Gerlich, which are held in place with adhesive tapes and a heavy black bandage is then placed over her eyes, after which Mr. Lueders mentally directs her off the platform and into the aisles where Miss Gerlich describes various articles held up to but never touching her finger tips. This is the newest mystery for the general public to solve. See the young lady perform this illusion and then try it out for yourself.

In the Crystal work we learn much about the art of the fortune tellers, and we hear considerable about how they have preyed on the public to the extent of taken millions of dollars a year from the public.

Make a guess as to the name of the person whose picture will appear at the show when the Magical photography is put on.

These items and many more you will see if you attend the show of interest for all from 4 to 94 years of age.

The prices of admission are 25 cents for adults and 15 cents for the children under 12 years of age.

## Lutherans Celebrate 50th Anniversary of Their Church Building

By ELINORE CRISLER HAYNES

St. Peter's Evangelical Lutheran congregation in Arlington Heights celebrated with four impressive services last Sunday the fiftieth anniversary of the dedication of their church building, 1882-1932.

This was a golden anniversary set in the golden October days—full of golden memories—leaving the brilliant record as of a golden dream.

The order of the English anniversary service, Sunday evening, October 22, was as follows:

1. Prelude—By Mr. Karl L. Busse, visiting organist.
2. Hymn.
3. Pastor—Invocation.
4. Gloria in Excelsis—Congregation.
5. Pastors, Prayer—Congregation, Amen.
6. Scripture reading.
7. Students chorus, with hearts uplifted—Schoedof, Prof. A. Beck, director.
8. Hymn, "I Love Thy Church O Lord."

Sermon by the Rev. Manfred Reinke, La Porte, Indiana.

10. Offertory.

We give Thee but Thine own What 'ere the gift may be; All that we have is Thine alone, A trust Dear Lord from Thee.

Students' chorus—"Praise the Lord."

Pastor's Prayer, congregation, Amen.

The Lord's Prayer in unison.

The Creed, the Benediction.

Closing Hymn—"The Church's One Foundation is Jesus Christ Her Lord"—Congregation.

From the prelude on the organ so skillfully played in thrilling strains echoed and reverberated through the church in such beautiful tones of harmony, to the closing Benediction of this Golden anniversary service, every number on the program, prayer, hymn and sermon were as one harmonious anthem of praise and thanksgiving by a grateful people unto our God, the Giver of every good and perfect gift.

The Rev. Reinke's sermon from the Scripture reading of the 150th Psalm, was an inspiring urge to praise God in all things. It was a sermon full of wonderful imagery, strong descriptions of the marvelous works of creation, "The Heavens declare the glory of God and the firmament showeth His handiwork." The power unseen that moves the clouds in the sky, the tempest on the deep. The power that lifts the mountain crests. That moves the constellations in the upper regions unprobed by man. The unseen in all things moving the minds of men to do great things. God in nature. The gorgeous beauty of sunset skies and autumn's brilliant colors on plant and tree. The crystal dew drop that sparkles in the cupped heart of a rose. The unseen power that moves to fury the devastating wind and yet calms to hush the soft zephyrs at eventide. "Praise Ye The Lord" was the keynote and the grand Amen to this beautiful sermon given in language of lofty strength. Full of poetical smiles and impressive imagery. A sermon to inspire with noble purpose. A sermon to remember.

The singing by the student chorus, the grand notes of the organ, played by the guest organist, Mr. Karl Busse, was one grand wave of harmony.

The day's offering by this grateful people amounts to \$1,574.00, which is to be applied for the home church's immediate needs.

For over forty years, we have known St. Peter's people. Have been intimately acquainted with the older families, and have observed their devotion to Christ and His church. They have built for better church and schools, without incurring heavy debts. They have not gone outside to seek help. They have been self-sustaining and sincere in their faith.

We knew Pastor Roeder and as many of the children of his congregation were in my class in the Presbyterian church. We often met in the homes where sickness

and death came. The kind, gentle pastor always laughingly said he was sure he could trust his children to my care, as he knew some of my ancestors in old Virginia history.

Those children never grow away from me, nor can I ever fail in respect for their pastors and parents. Rev. Noack we count as a kind friend, and the dear old schoolmaster, Mr. Fred Militzer and his family, are among those we set high in esteem and Christian friendship.

More about that golden service. The banks of golden chrysanthemums were symbolic of the golden bonds of Christian Faith.

Through the courtesy of St. Peter's fervent, energetic young preacher, Pastor H. C. Fricke, we carry on in the Faith of Our Fathers unsullied by the taint of modern unbelief. "Praise Ye the Lord." Amen.

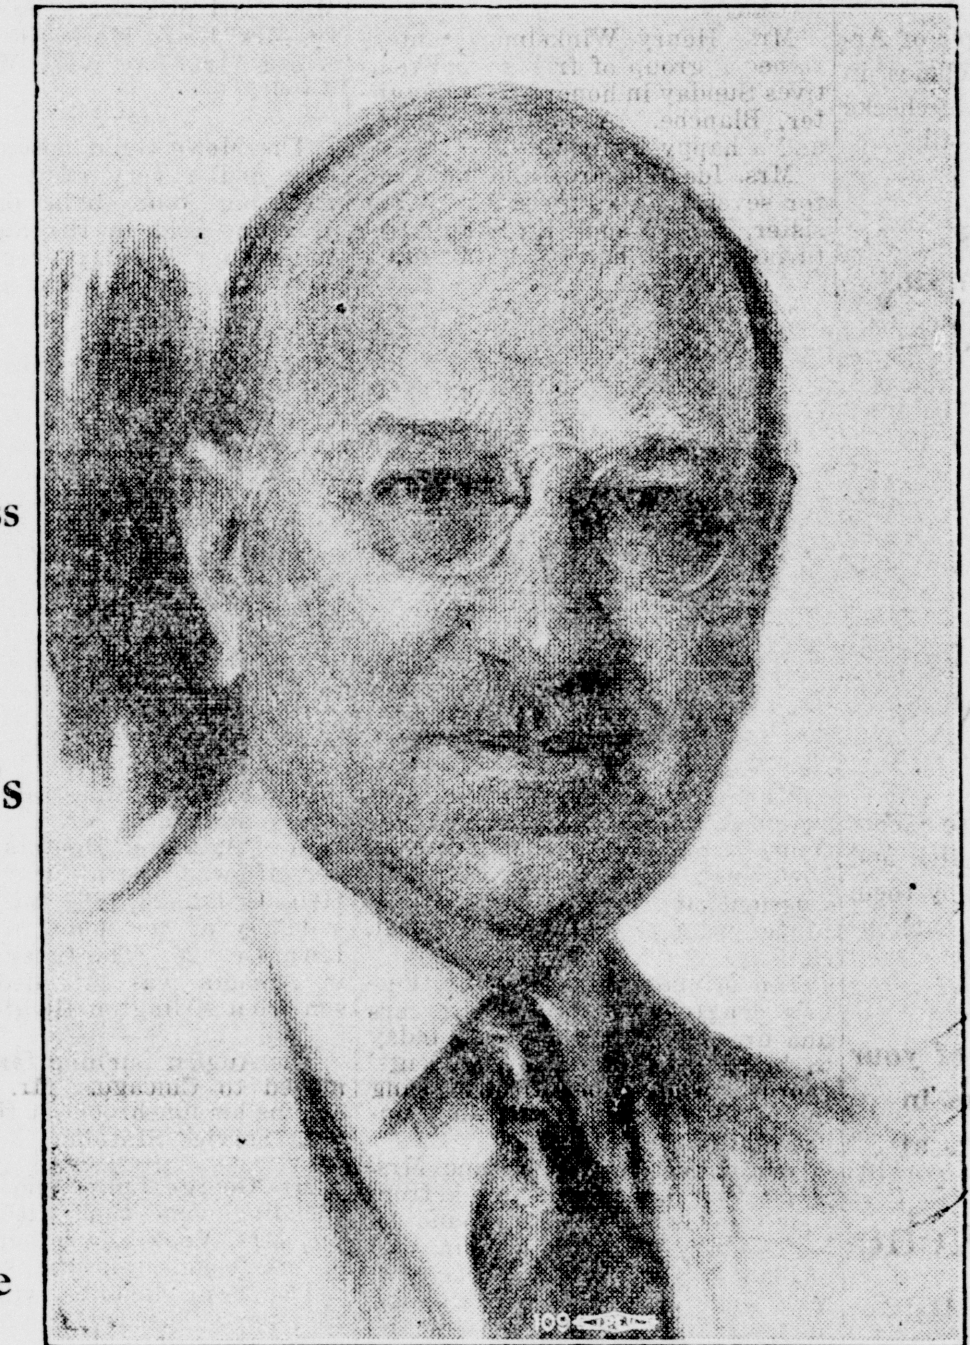

and Mrs. Fricke, our kind neighbors, to St. Peter's congregation, Pastors and people, we extend sincere and cordial congratulations. May the next half century bring them golden results in stronger faith built on the Rock of God's eternal love. May their children carry on in the Faith of Our Fathers unsullied by the taint of modern unbelief. "Praise Ye the Lord." Amen.

# ARLINGTON IN BRILLIANT GAME, LOSES

## Libertyville Marches Toward Conference Title

Libertyville defeated Arlington Saturday afternoon in a game replete with thrills. Although outplayed, and certainly outthought by a smart and courageous Arlington eleven, Libertyville continued their unrelenting march to another title.

In the estimation of the many fans witnessing the game it was the finest exhibition of football ever put on in Arlington. Some even went so far as to say it was the best display of smart, high class football ever seen in the Northwest conference.

Both teams displayed exhibitions of fine thinking. Libertyville excelled in her punting and passing game, but Arlington proved best by far at the running game. It has been Libertyville's boast that when within reaching distance of the enemies goal she has had the punch to score. Again in this game the Wildcats capitalized on two of their three chances. Very little yardage was wasted by them.

Both their touchdowns came as the result of Arlington misplays. The first when they recovered an Arlington fumble to give them the ball in Arlington territory. The second came as the follow up of an intercepted pass which bounced out of a Cardinal receiver's hands into that of Gould, husky Wildcat fullback, who ran the ball back deep into Cardinal zone.

Arlington's score was made as the direct result of a brilliant 40 yard return by Hauff of a Libertyville punt, to the Wildcat 15 yard line. From here a lateral by Koelling and a fake by F. Szasz, put the ball over.

On two occasions to witness all the game, assisted Libertyville by surging out on to the field. Both times Hauff needed only a step to get past the safety man and the five yards or so taken up by the crowd stopped him more effectively than Libertyville tacklers.

Two other times the Libertyville safety man checked a Cardinal touchdown. Once when Koelling got loose for a 38 yard run, he eluded the safety but was slowed enough by him for another tackler to catch him from the rear. In the last quarter a pass, Koelling to Hauff, put Arlington's little fleetfooted quarter in position for a 25 yard run until tripped on the sideline by three orange men. He eluded two of these but the third got him by one foot as he seemed almost loose.

Again the crowd assisted somewhat in Libertyville's second touch-

down. On the play on which Eiserman scored, he had to run the gauntlet of a few Libertyville fans to get to the goal line.

These incidents of a surging, uncontrollable crowd, were the only things to mar an otherwise perfect game.

Arlington kicked off to Libertyville and after two exchanges of the ball the latter immediately proceeded to score through the medium of 2 long, accurate passes, which the Arlington backs, handicapped by their lack of height, were unable to knock down. Arlington failed to score in the first half, but came back in the third quarter to register their only touchdown. In doing this, they displayed as smooth an offense as has been seen in the conference for a long time. The proof of this was a bewildered Libertyville defense. Spinners, de-layed bucks, timed perfectly, had Libertyville punting. But 'twas not long before the Wildcats scored again; chiefly because of an intercepted Arlington pass. A Libertyville pass, bouncing into and out of a half dozen sets of hands, finally came to rest in the hands of a Wildcat halfback on Arlington's 22 yard line. Eiserman, a few plays later, went galloping around right end and was brought down in the end zone. Score 13-6.

The fourth again saw a determined Arlington drive which was terminated by the gun. When the game ended Arlington had the ball on their opponent's ten yard line. Koelling, for Arlington, carried the ball ten times for an average of seven yards. Hauff, smart little Arlington quarterback kept Arlington in scoring position by his unusually effective returns of Libertyville kicks. Smart ball handling by the Szasz brothers, was largely responsible for a lot of Cardinal yardage.

Capt. Wilke, Malzahn, and Rat-eike were heroes in the line. Malzahn particularly "stonewalling" practically all Libertyville advances thru the middle. When line plays were made by the Wildcats, Malzahn was generally on the bottom of the heap with a ball carrier leg firm in his grasp.

Gould was the big threat for Libertyville, but for his play, and the kicking and passing by Duddles, Wildcat backfield phenom Libertyville would have been a beaten team.

## Alfalfa Superior To Corn in Cheap Feed Production

Urbana, Ill., Oct. 22.—Corn may be the leading grain crop of Illinois, but it has to take second place behind alfalfa when it comes to producing the greatest amount of digestible feed an acre at the least cost, according to figures kept by a group of central Illinois farmers in cooperation with the agricultural economics department of the College of Agriculture, University of Illinois.

This is an important point in cutting down feed bills, one of the big items in the farmers' expenses, it was pointed out by R. H. Wilcox, a member of the department.

Records kept by the farmers showed that corn, averaging 47 bushels an acre, produced digestible nutrients at the rate of 2,087 pounds an acre; winter wheat, averaging 24 bushels an acre, produced 1,149 pounds; soy beans, yielding 21½ bushels, produced 1,216 pounds; oats, yielding 40 bushels, produced 894 pounds; and spring wheat, yielding 17.3 bushels, produced 828 pounds of digestible nutrients.

On the basis of the records kept in 1931 by these farmers, the cost of producing 100 pounds of digestible feed was \$1.20 with corn, \$2.02 with winter wheat, \$2.15 with soybean hay, yielding 7.7 tons, produced 1,822 pounds; and red clover, averaging 1.2 tons, produce 1,222 pounds of digestible nutrients.

On the basis of these figures, 100 pounds of digestible nutrients were produced at a cost of \$1.14 with alfalfa, \$1.46 with mixed legumes, \$1.48 with soybean hay and \$1.78 with clover hay.

Notes  
Every true son and daughter of Martin Luther is thrilled by the story of religious heroism, which this man of God and his coworker enacted during those stirring times of the Reformation. On Oct. 31, 1517 Luther posted his so-called 95 theses on the doors of the castle church of Wittenberg Germany, in which he protested against the shameful traffic in religious things. That act of Luther's broke the chains of spiritual slavery, which had bound the souls of men and ushered in the new period of religious liberty, which characterizes our modern age. The 31st of October has therefore been called the birthday of Protestantism. This significant day will be commemorated Sunday by Protestant and Lutheran churches throughout the world.

St. Peters Lutheran church is emphasizing the meaning of the Lutheran Reformation in its services Sunday. Rev. Fricke will preach in English at 11 on the Reformation topic: "The Spirit of Luther." All friends of religious liberty are invited to attend this service.

THE REAL REFORMATION  
The Reformation of Martin Luther profoundly affected the whole of human life. Its influence may be traced in our modern theories of education, of politics, of science, both natural and social. The centuries since Luther, with their tremendous progress in every sphere, would not have been what they were, had it not been for the Reformation, so modestly ushered in on the 31st day of October, 1517.

But whatever ramifications this movement may have had, it was both in its inception and in its development definitely religious. The other results were but by-products. Luther's own emphasis was on the spiritual. He himself, with God's help, had fought his way through, out of the darkness and despair of papal theology, to the glorious liberty of the children of God. That experience humanity was to share with him.

One liberating force was his recognition of the Bible as the sufficient guide for faith and life. The Bible is God's Word. We need no further revelation. With one blow all the theological apparatus of the Middle Ages was swept away—decrees of councils, bulls of popes and tomes of schoolmen. The Christian, applying his sanctified common sense to the Scriptures, might for himself find the way to life and the way of life.

The other truth that opened up a new world to Luther was the precious Gospel message that in Christ, God had perfectly redeemed the world. The sinner needs no interceding saints, no sacrificing priests. He finds in the Christ the righteousness which has soul requires for reconciliation with God. His own efforts, fasts, prayers, charities and what not, may be thrown into discard. He who has Christ, needs nothing more and God's grace in the Gospel is ready to give Christ to every man.

These two truths, the sufficiency of the Gospel and the efficacy of Christ's life and death, are the heart and core of Christianity. Whatever else we may say about the Reformation, let us not forget that these made for its success and gave it abiding value.

## CHRISTIAN SCIENCE CHURCHES

"Prolation After Death" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 23.

The Golden Text was, "Behold, now is the day of salvation" (11 Cor. 6:2).

Among the citations which composed the Lesson-Sermon was the following from the Bible: "Blessed is the man that endureth temptation: for when he is tried, he shall receive the crown of life, which the Lord hath promised to them that love him" (James 1:12).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Perfection is gained only by perfection. They who are unrighteous shall be unrighteous still, until in divine Science Christ, Truth, removes all ignorance and sin. The sin and error which possess us at the instant of death do not cease at that moment, but endure until the death of these errors. To be wholly spiritual, man must be sinless, and he becomes thus only when he reaches perfection" (p. 200).

## The Taylor Family Move to Westmont

Rev. and Mrs. Samuel Taylor, who moved Wednesday to their new home in Westmont, a village about ten years old and of about 4000 population just east of Downer's Grove, are very grateful and delighted with their charge. Their church in Westmont appears to be in a flourishing condition religiously, with prayer meetings well attended by zealous people and a Sunday evening service. Many of the parishioners are young people of Welsh and Scotch descent, and characteristically enthusiasts in sacred music. A reception was given in their honor as well as of the departing pastor, Rev. and Mrs. Sidney Bloomquist, Monday evening; and the Taylors have been much touched with many kindnesses and expressions of cordiality already shown them. They will reside at 229 S. Linden avenue, in Westmont, in a generous sized house near the edge of town, ideal for the children.

The additional church in charge of Mr. Taylor is a community Methodist church in Westmore, between Lombard and Villa Park. Mrs. Taylor's early home was in LaGrange, about five miles to the east of Westmont.

The best wishes of their many friends and admirers in Arlington Heights go with them.

## PUBLIC SCHOOL

The Taylor children and the Kalisch children have left the Public Schools this week. They enter the schools at Westmont, Ill., and Oak-kosh, Wis., respectively. Needless to say they will be very greatly missed by their companions and teachers.

The 7th and 8th grade pupils were guests at the high school Tuesday of last week for the Yale Chronicles, (historical pictures). This educational treat was greatly enjoyed and no doubt the historical facts which were so well pictured, are better impressed upon those who saw them.

## Wheeling P. T. A. Serves Hot Lunches; Sponsor Supper

The Wheeling Parent-Teacher association held its monthly meeting in the Wheeling schoolhouse Oct. 17, which was a rally meeting. Miss Keith donated a bust of George Washington to the room which had the greatest number of fathers represented. Miss Murray's room won for the October meeting.

Donations of canned goods, vegetables and kitchen supplies were brought to help stock the kitchen for hot lunches. A report was made by the hot lunch committee, 388 relief lunches and 200 paid lunches being served the first two weeks in October.

The men of the organization will sponsor a corned beef and cabbage supper November 9 at the Childerly Community house for the purpose of raising money to purchase supplies for the school. The Childerly bus will furnish free transportation from Wheeling to Childerly. Supper will be served from 6 to 8 p. m.; adults 30 cents and grade children 15 cents per plate. Owing to the length of the business meeting the program was postponed until the next meeting. Light refreshments were served by the appointed committee and the rest of the evening was spent in getting acquainted.

## WHEELING

Traffic at the corner of Milwaukee and Dundee roads is being directed by stop and go lights since last Saturday. The need for lights at this intersection has been felt for some time and were ordered installed by the village early in the summer. It is hoped that motorists will help to make the system effective by giving heed to the lights. They should remember that they, the signals are not an end in themselves by only a means to an end which is public safety. The motorist who attempts to beat the lights, is only beating his own chances for safety and also his fellow motorists. Children are especially warned in crossing the streets to watch the light and also to remember that they must be mindful of cars that may be turning the corner.

Krueger was present and assisted in the work. After the meeting several Hallowe'en stunts provided entertainment and refreshments consisting of sandwiches, doughnuts, coffee, apples and candy were served.
